

Dowsett Ward – Southend Hospital

Description

Dowsett Ward has been successfully handed over to the clinical team and is now fully operational and the staff feedback about the overall transformation and high standard of the finishes is really positive.

This project has not been without its challenges and legacy issues which have been overcome and addressed accordingly. The project has been completed ahead of time and to a high standard with minimal snags and issues during the commissioning and handover phase, which is a credit to everyone's hard work and diligence during the last 8 months.

Thank you for your hard work and commitment to get this project completed on time.

Nick Purdie, Capital Project Manager Mid and South Essex NHS Foundation Trust
